ANNUAL REPORT

of the Board of Trustees

SOUTHERN ILLINOIS UNIVERSITY

1961-1962

JULY 1961

A SPECIAL MEETING of the Board of Trustees of Southern Illinois University was held in the office of the Board July 20, 1961, beginning at 10 A.M.

The following members of the Board were present: Chairman John Page Wham, Dr. Martin Van Brown, Melvin C. Lockard, Arnold H. Maremont, Lindell W. Sturgis, George T. Wilkins. Mr. Davis and Mr. Fischer were absent.

Also present were President Delyte W. Morris, Vice-President Charles D. Tenney, Assistant Director of Information Service Edmund C. Hasse, Dean of Instruction William T. Going, Ben Gelman, reporter for *The Southern Illinoisan*, and Mrs. Louise Morehouse, Recorder for the Board of Trustees.

The meeting was called to order by the Chairman of the Board, who stated that the purpose of the special meeting was to consider the general allocation of appropriated funds for the 1961-1963 biennium and specific consideration of the personal services budget for 1961-1962.

The Board considered proposed salary lists for faculty-administrative and staff personnel, copies of which were forwarded to each member of the Board prior to the meeting. These lists showed 1960-1961 monthly and yearly salaries, and the amount and percentage of increases proposed for the fiscal year 1961-1962. Budgeted salaries requested for approval were limited to staff members for whom consideration for increases was made.

Following careful consideration of various specific proposals, Lindell W. Sturgis moved that salary lists be approved as submitted, with the exception of the salary of President Morris; further, that this approval be made on the basis of the following statement issued by the Board:

"We have operated on the principle that an institution is no better than the faculty who teach and carry on research and service, and their effectiveness depends on the effectiveness of supporting personnel. In view of the vigorous competition for the services of top-flight faculty, it is paramount that we do our best to keep abreast of the increasing salaries commanded by teachers and researchers in other universities and that we try to adjust their

pay scales and those of supporting personnel in line with competitive markets and with current living costs.

"The approval of salary increases for faculty and staff leaves unsolved the problem of what to do about the \$1,362,000.00 cut made by the legislature from the Governor's recommended budget. But we have determined the burden must fall on other aspects of the University program rather than on salary increases which had already been reduced from the level planned in the original budget request."

The motion was seconded by Arnold H. Maremont and was carried by the following vote: Yea, Dr. Brown, Mr. Maremont, Mr. Sturgis, Mr. Wham, Mr. Wilkins, Mr. Lockard; nay, none.

On motion of Lindell W. Sturgis, seconded by Melvin C. Lockard, the salary of President Delyte W. Morris was increased to \$35,000.00 for the fiscal year 1961-1962. The vote was as follows: Yea, Dr. Brown, Mr. Maremont, Mr. Sturgis, Mr. Wham, Mr. Wilkins, Mr. Lockard; nay, none.

The meeting was adjourned at 5:30 P.M.

Matters Presented by President Morris

THE FOLLOWING UNIVERSITY MATTERS were presented by the administration for consideration by the Board of Trustees:

ELECTRIC SERVICE CONTRACT AND POWER LINE EASEMENT FOR TELEVISION TRANSMITTER

It is necessary that arrangements be made for the furnishing of electric power to the television transmitter building, both for lighting and for operation of the transmitter. The Illinois Power Company proposes to furnish such service under rate schedule 23, which will be the most economical for this type of service. One of the requirements for receiving electrical energy under rate schedule 23 is that the customer execute and keep in effect

a written contract specifying the maximum electric capacity required. In order for the University to receive service under rate schedule 23 for a maximum capacity of 180 kilovolt-amperes, a one-year written contract is required by the company, which contract shall continue from year to year with the right of cancellation upon thirty days written notice by either party.

In order to procure the above service, it will also be necessary to execute an easement over the property upon which the transmitter building is being built, for the power lines and poles of the company.

The following resolution is therefore recommended for adoption by the Board:

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University, sitting in regular session, that a contract for electric power for the television transmitter be entered into with the Illinois Power Company, said company being the only source from which such service is economically procurable, and that such contract be entered into for a term of one year from August 15, 1961, and from year to year thereafter unless cancelled by either party upon thirty days prior written notice, and that such service be purchased from the said company at the rate set out in Service Classification 23, Illinois Commerce Commission No. 5, Fourth revised sheet No. 40, ICC Order No. 44734 of November 10, 1958, and the Chairman of the Board is hereby authorized and directed to execute such a contract and all other documents necessary to the procurement of such power.

BE IT FURTHER RESOLVED, That the Board of Trustees grant to Illinois Power Company an easement across the property upon which the transmitter building is being constructed for the construction of power lines to said transmitter building, and that such easement shall be in accordance with the plat attached to the form of easement grant supplied by the power company and presently before the Board, and that the Chairman of the Board of Trustees is hereby authorized and directed to execute said easement in favor of the Illinois Power Company for the purposes aforesaid.

On motion of Arnold H. Maremont, seconded by Harold R. Fischer, the Board adopted the resolution presented. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Maremont, Mr. Sturgis, Mr. Wham, Mr. Wilkins, Mr. Lockard.

Matters Presented by President Morris

THE FOLLOWING UNIVERSITY MATTERS were presented by the administration for consideration by the Board of Trustees:

REPORT ON THE FOREIGN LANGUAGES PROGRAM

Because of the increasing emphasis in this country on the need and value of foreign languages, it is thought that the Board of Trustees would welcome a summary of recent developments in this field as one of our series of special reports on various phases of the University's organization.

It goes without saying that the faculty members teaching foreign languages at Southern Illinois University are engaged in teaching, writing articles and textbooks, making translations, and the other usual scholarly activities. They have also, however, undertaken a number of special projects which have been designed to counter past indifference in the United States toward the acquisition of foreign languages. They are, of course, more aware than most

of us that languages as tools of communication are increasingly important in the present state of the world.

Foreign Languages in Elementary Schools

It is well known that children learn foreign languages much more readily than do students of college age. In 1953, therefore, the University established a Foreign Languages in Elementary Schools program. The program started in a modest way at the Brush School in Carbondale, but eventually expanded into all the elementary schools of the city (including the University School, which is operated by the University). It was finally extended to include the Attucks High School and in one case reached into the eleventh grade. In 1958 every fifth and sixth grader in Carbondale was receiving instruction in German, French, or Spanish.

Having demonstrated the feasibility of a city-wide Foreign Languages in Elementary Schools program, the University urged the Carbondale schools to continue the program as an integral part of their system, so that it could concentrate attention on the training of prospective or in-service teachers of foreign languages in the elementary schools. Beginning in the summer of 1954, a four weeks' workshop for teachers, recently in its eighth consecutive summer, has been offered. Graduates of this course have been placed in many Foreign Languages in Elementary Schools positions. Unfortunately, none has as yet been placed in Carbondale where the project started, for the city school system has not as yet taken steps toward continuing the program begun in cooperation with the university.

Similar foreign language workshops for teachers have been held on the Southwestern Illinois Campuses the past three years.

Southern's program of training elementary school students and their teachers in the foreign languages has attracted national attention. For example, the State Department sent an official visitor from Paraguay to Carbondale for the express purpose of attending our Foreign Languages in Elementary Schools workshop this past summer.

National Defense Education Act Institutes

In 1961 our Foreign Languages Department has also joined with departments in 74 other institutions of higher learning by co-sponsoring a languages institute with the Federal Government, under the provisions of the National Defense Education Act of 1958. The institute at Southern was conducted under a \$61,000.00 grant from the U.S. Office of Education. It involved up-grading forty secondary school teachers of German, thirty-eight from public schools and two from private schools. One of the prerequisites for establishing the institute was the existence of an adequate foreign languages laboratory. In Room 101 of Old Main, twenty-five booths for such a laboratory had been set up and used all during the academic year 1960-1961, as well as by the institute participants during the summer of 1961. Modern language learning aids are thus being made available to certain of our students.

Faculty and Student Exchanges

Possibly one of the most effective ways of achieving adequate instruction in the foreign languages is to place persons whose native languages differ in contact with one another. Southern Illinois University has therefore encouraged exchanges of students and teachers between this and other countries. The staff in foreign languages includes nationals of various other countries in South America and Europe. Most of them serve as part-time assistants in teaching the language of their native countries. They have also been used extensively in the Foreign Languages in Elementary Schools program. Direct student exchanges with Poitiers University in France and the University of Hamburg in West Germany have also been arranged by the Foreign Languages Department. For five years now, two students from Southern Illinois University have been exchanged each year with two students from the University of Hamburg. Attempts at student exchanges with Japanese universities have not, to date, been altogether successful, since while the Japanese students have come to Southern, no Southern Illinois University students were found willing and financially able to accept exchange arrangements to Japan.

Members of the Foreign Languages staff have frequently sought leaves to France, Italy, Germany, and various Latin-American countries to regain a direct experience of the language and cultures of those countries. Other departments have also been involved, as for example in a Southern Illinois University-sponsored government course on the campus of Hamburg University. The Foreign Languages Department is also intensely interested in the University's South Viet Nam educational project and in current local planning in connection with the Peace Corps program of the United States.

Future plans of the Foreign Languages Department, which will be carried out as facilities permit, include participating in a possible overseas National Defense Education Act institute in Austria which would involve eighty American public school teachers of German. Plans are also under way to establish an academic year Institute for Teachers of French in cooperation with the National Defense Education Act program. The Foreign Languages Department is also working with the Latin-American Institute and other agencies to create a Language and Area Center under Title VI provisions of the National Defense Education Act. As soon as Southern's educational television station is activated, the department plans to sponsor a television language program.

In general, it is hoped that our program in foreign languages will assist in accomplishing the following objectives: provision of early language training for children in the elementary schools, both directly and by the training of teachers for this purpose; promotion of international understanding by study of the language and culture of various countries and by exchange of nationals; and assistance to the State Department, the Department of Defense, industries with branches in other countries, and various other agencies relying upon the universities for the training of personnel skilled in languages.

Professor Hellmut A. Hartwig of the Foreign Languages Department was introduced to the members of the Board and briefly outlined the philosophy of the department, the use of the languages laboratory as a teaching aid, and the importance of early language training.

The report submitted required no formal action by the Board of Trustees.

CONSIDERATION OF PROVISION FOR HEATING, ELECTRICITY, AND AIR CONDITIONING AT EDWARDSVILLE CAMPUS

Two reports prepared by Warren & Van Praag, Inc., Consulting Engineers, were considered; namely, Report No. 3, Part I—Water Supply and Treatment, and Report No. 7, Part I—Plant Studies. Copies of these reports were placed on file with the Secretary of the Board. Mr. Charles Pulley, University Architect, appeared before the Board and introduced Mr. Alex Van Praag and Mr. W. H. Hall of the firm of Warren & Van Praag, Inc. Mr. Hall briefly discussed the purchase of water from the East St. Louis and Interurban Water Company, to be furnished from their Granite City Plant. He recommended that this supply not be considered further. The Board, by common consent, agreed to defer action concerning water supply until studies of the facilities of the Edwardsville water plant were received.

A study prepared by the Illinois Power Company, relating to the supply of the electrical, heating, and cooling requirements for Edwardsville Campus was also considered. The Board then considered heating, air conditioning, and electrical power on the basis of University-owned and operated generating equipment as against the purchase of power from Illinois Power Company. After discussion, Arnold H. Maremont moved that the Board adopt Plan IV, subject to satisfactory contract negotiations and agreement with Illinois Power Company. The motion was seconded by Harold R. Fischer and the vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Maremont, Mr. Wham, Mr. Wilkins, Mr. Lockard; nay, none.

APPLICATION FOR LOAN FOR STUDENT CENTER AT EDWARDSVILLE CAMPUS

The following resolution was recommended for adoption:

WHEREAS, The Board of Trustees of Southern Illinois University has from time to time approved plans for a new campus at Edwardsville, Illinois, which plans include a student center; and

WHEREAS, State appropriations for capital expenditures at the Edwardsville Campus do not provide funds for a student center; and

WHEREAS, Title IV of the Housing Act of 1950 empowers the federal government to lend money to educational institutions for the construction of such buildings; and

WHEREAS, Preliminary plans for a student center have been completed with an estimated cost of \$6,000,000 for construction, giving regard to the facts that the campus will have many thousands of students on it, and that there will be no other facilities for the students not in the library; now, therefore, be it

Resolved, By the Board of Trustees of Southern Illinois University that application be made to the Housing and Home Finance Agency of the federal government for loan assistance for the construction of an Edwardsville Campus student center; that the application be based on an anticipated construction cost of \$6,000,000; and that the Assistant Legal Counsel (for the Edwardsville Campus) is authorized and directed to execute all instruments and do all things necessary to complete such application.

After discussion, Arnold H. Maremont moved that the Board adopt the resolution presented, authorizing application for funds for construction of a student center on the proposed Edwardsville Campus. The motion was seconded by Melvin C. Lockard and the vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Maremont, Mr. Wham, Mr. Wilkins, Mr. Lockard; nay, none.

The meeting was adjourned at 4 P.M.

NOVEMBER 1961

THE NOVEMBER MEETING of the Board of Trustees of Southern Illinois University was held in the office of the Board on Thursday, November 9, 1961, beginning at 9 A.M.

The following members of the Board were present: Dr. Martin Van Brown, Kenneth L. Davis, Harold R. Fischer, Melvin C. Lockard, Arnold H. Maremont, Lindell W. Sturgis, John Page Wham. Mr. Wilkins was absent.

Also present were President Delyte W. Morris, Vice-President Charles D. Tenney, Vice-President J. E. Grinnell, Vice-President Clarence W. Stephens, Director of Business Affairs John S. Rendleman, Acting Legal Counsel C. Richard Grunty, Business Manager and Treasurer Robert L. Gallegly, Director of Information Service William H. Lyons; Ben Gelman, reporter for *The Southern Illinoisan*, Marion R. Lynes, reporter for *The St. Louis Globe-Democrat*, and Mrs. Louise Morehouse, Recorder for the Board of Trustees.

The Chairman presented minutes of a regular meeting held September 19, 1961, copies of which had been forwarded to the members of the Board prior to this meeting. On motion of Arnold H. Maremont, seconded by Harold R. Fischer, these minutes were approved as presented.

The Board received and considered a revised Master Plan for the proposed Edwardsville Campus. University Architect Charles Pulley and Mr. Gyo Obata, a representative of Hellmuth, Obata & Kassabaum, Inc., architectural planners, appeared before the Board. Mr. Obata presented information concerning campus zoning and land use, the proposed initial stage of the central campus, and the expansion from this central core to the proposed final stage of campus development.

By means of charts of the Edwardsville Campus area, Mr. Obata designated certain changes proposed for land use, principally in parking areas, reserve areas for various kinds of research, service and supply line areas, and access roads. He stated that in the initial phase it was proposed to construct the library, communications building, student center building, and central office and services building as the main academic area of the campus. At this stage, parking areas to accommodate 3,000 cars were included in the proposed plans.

Regarding expansion from this central core of buildings, Mr. Obata explained and designated the three major areas of academic instructional buildings to be constructed on the flattest parts of the land, leaving rolling land and valleys between the groups of buildings. Parking areas to accommodate 12,000 cars were proposed for the final construction stage.

President Morris indicated that, as future plans were developed, the campus plan would be brought back to the Board for further revisions and refinements. He requested approval of the Campus Master Plan as presented by Mr. Obata.

On motion of Melvin C. Lockard, seconded by Harold R. Fischer, the Board approved the Revised Campus Master Plan for the Edwardsville Campus, as presented.

APPLICATION FOR LOAN FOR STUDENT HOUSING

At the meeting held September 17, 1960, the Board of Trustees authorized application to the Housing and Home Finance Agency for a loan not to exceed \$5,250,000, for the purpose of constructing housing facilities for 1,800 single students.

It is recommended that the Board adopt the following resolution, which would authorize the administration to make further application to the Housing and Home Finance Agency of the Federal Government for a loan of \$4,000,000 to finance approximately one-half of the estimated cost of construction of housing units for 1,600 single students:

WHEREAS From time to time the Board of Trustees of Southern Illinois University has authorized and directed the administration of the University to plan and establish an over-all housing program for Southern Illinois University; and

WHEREAS, Preliminary planning and programming for various types of housing have been accomplished; and

WHEREAS, After investigation and study it is deemed advisable to plan, program and construct additional units on the Dowdell Tract to house 1,600 students at a construction cost of approximately eight million dollars, to be known as University Park, Unit "B"; now, therefore, be it

Resolved, By the Board of Trustees of Southern Illinois University that the administration of the University be and is hereby authorized to make application to the Housing and Home Finance Agency of the Federal Government for a loan of four million dollars to finance one-half the estimated cost of construction of the aforesaid housing units, and that the Director of Business Affairs be and is hereby authorized to make such application in the name of the Board of Trustees and to sign all papers and do all things necessary to perfect said application.

On motion of Dr. Martin Van Brown, seconded by Harold R. Fischer, the Board adopted the resolution as presented. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Maremont, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

Various members of the Board expressed concern for the extent of the University's responsibility in case of a serious fire in off-campus student housing units. The possibility of inspections by the State Fire Marshal or by local fire departments was considered, but no action was taken.

At President Morris' request, Director of Business Affairs John S. Rendleman explained that the administration wished to withdraw the recommendation for award of the contract for ventilating work (Proposal VB-1) to Tibbetts Plumbing & Heating Co., Anderson, Indiana. He indicated that this company had submitted a subsequent document which showed that their bid was the result of a patent error. He further indicated that inasmuch as there was a difference of thirty-five per cent between the apparent low bid and the next lowest bid, the administration recommended that new bids be sought for the ventilating work.

On this basis, the Board was requested to consider approval of the following recommendations for the award of contracts for the construction of the Physical Education and Military Training Building and to authorize the administration to seek new bids for the ventilating work:

General (Building), Proposal GB-1—M. H. Wolfe and Company, Granite City, Illinois	\$2,146,000

On motion of Lindell W. Sturgis, seconded by Harold R. Fischer, the Board approved the award of contracts as recommended and authorized the administration to seek new bids for ventilating work. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Maremont, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

Each of Mr. Lockard's motions was seconded by Kenneth L. Davis. The vote on each motion was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Maremont, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

Copies of a report prepared by the Admissions Office were presented, and President Morris reviewed briefly the University's experience under the admissions policy approved by the Board December 12, 1959, and modified December 10, 1960.

The meeting was adjourned at 12:45 P.M.

Matters Presented by President Morris

THE FOLLOWING UNIVERSITY MATTERS were presented by the administration for consideration by the Board of Trustees:

TWELVE-WEEKS SUMMER SESSION FOR FRESHMEN

In its efforts to achieve maximum utilization of space, the University has progressively moved to full days and full weeks for scheduling purposes. The only substantial improvement which remains to be made in space utilization is the adoption of a full year schedule. At present, the great bulk of classes are scheduled in the three quarters of the academic year and in the summer session, which lasts only eight weeks. This leaves late August and early September unscheduled except for a few special courses and workshops.

Some six years ago the academic deans were asked to study the possibility

for a full twelve-weeks summer session, which would have the effect of placing the University on a twelve-months-a-year schedule. Furthermore, each of the biennial budget requests since then has contained, with Board approval, a request for additional funds sufficient to support such a year-around program. So far, the State has not provided the additional funds, but for the most effective use of the University's facilities a twelve-weeks summer session is still indicated.

It is therefore recommended that, on a trial basis, all courses for freshmen be scheduled for twelve weeks during the 1962 summer session. Should the experiment meet with some success, and should additional funds then be made available, it is proposed that in the summer of 1963 both freshman and sophomore courses be placed on a twelve-weeks basis; in the summer of 1964 not only freshman and sophomore but also junior courses be placed on a twelve-weeks basis; and in the summer of 1965 virtually all undergraduate courses be placed on a twelve-weeks basis. This would not preclude at a later time (if enrollment justifies) the scheduling of shorter courses during the summer, running concurrently with the twelve-weeks courses.

After discussion, George T. Wilkins moved that the Board approve the recommendation for a twelve-weeks summer session for all freshman courses offered during the 1962 summer session. The motion was seconded by Dr. Martin Van Brown, and the vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Wham, Mr. Wilkins, Mr. Lockard; nay, none.

FEBRUARY 1962

THE FEBRUARY MEETING of the Board of Trustees of Southern Illinois University was held in the office of the Board on Friday, February 23, 1962, beginning at 9:30 A.M.

The following members of the Board were present: Dr. Martin Van Brown, Kenneth L. Davis, Harold R. Fischer, Melvin C. Lockard, Arnold H. Maremont, Lindell W. Sturgis, John Page Wham. Mr. Wilkins was absent.

Also present were President Delyte W. Morris, Vice-President Charles D. Tenney, Vice-President Clarence W. Stephens, Director of Business Affairs John S. Rendleman, Acting Legal Counsel C. Richard Gruny, Business Manager and Treasurer Robert L. Gallegly, Director of Information Service William H. Lyons; Ben Gelman, reporter for *The Southern Illinoisan*, Marion R. Lynes, reporter for *The St. Louis Globe-Democrat*, and Mrs. Louise Morehouse, Recorder for the Board of Trustees.

The Chairman presented minutes of a regular meeting held December 9, 1961, copies of which had been forwarded to the members of the Board prior to this meeting. On motion of Harold R. Fischer, seconded by Kenneth L. Davis, these minutes were approved as presented.

By secret ballot, in accordance with Part II, Article II, Section 1 of the By-Laws of the Board of Trustees, the following members of the Board were elected to serve as officers until their successors are elected and qualified: John Page Wham, Chairman; Kenneth L. Davis, Vice-Chairman; Melvin C. Lockard, Secretary.

In accordance with Part II, Article III, Section 1 of the By-Laws of the Board of Trustees, the following members of the Board were elected to serve as members of the Executive Committee: Harold R. Fischer and Lindell W. Sturgis. As stated in the By-Laws, the third member of the Executive Committee shall be the Chairman of the Board.

The Board took further action to elect Arnold H. Maremont to serve as a member of the Board of Trustees of the University Retirement System of Illinois; to elect Dr. Martin Van Brown to serve as a member of the Merit Board of the University Civil Service System; to elect Melvin C. Lockard to serve as a member of the Board of Higher Education of the

State of Illinois; and to elect Robert L. Gallegly, Business Manager, to serve as Treasurer of the Board of Trustees of Southern Illinois University.

President Morris briefly reviewed the University's experience under the admissions policy adopted in the fall of 1960, and modified in the fall of 1961. He indicated that the policy was bringing about a leveling of enrollments through the fall, winter, and spring terms, as was desired.

Matters Presented by President Morris

THE FOLLOWING UNIVERSITY MATTERS were presented by the administration for consideration by the Board of Trustees:

FEE FOR PSYCHOLOGICAL TESTS

The six state-supported universities in Illinois are currently using American College Testing Program tests in order to place students in the proper courses of study, to award scholarships, to find appropriate student work opportunities, and in general to give the students the best of individual counseling. The American College Testing Program is a national program developed in the fall of 1959. On rare occasions the College Entrance Examination Board tests are substituted for the same purposes.

The Joint Council on Higher Education has also been working toward a system whereby students in Illinois may take these tests on the campus nearest their homes, regardless of which school they plan to attend. The cost of administering the American College Testing Program tests is currently \$4.00 per student. Sometimes students who take the tests follow up by coming to Southern Illinois University, sometimes they go to another state-supported university, sometimes they enter another college or university, and sometimes they fail to enter any college or university. As a result, there is considerable confusion as to who is responsible for paying the cost of the tests.

Since each student entering Southern Illinois University directly from secondary school must furnish to the University scores from an appropriate series of psychological tests before being allowed to complete his registration, it is recommended that whenever a nationally standardized examination having a fee is used for this purpose, the student may be required to pay the fee stipulated by the national testing organization.

On motion of Lindell W. Sturgis, seconded by Dr. Martin Van Brown, the Board unanimously approved the recommendation made by the administration concerning the fee for psychological tests.

Discussion was held concerning proposed action with respect to fire hazards in off-campus student housing. The solution to the problem of physical hazards for students living in off-campus housing was remanded to the administration. Endorsement of a plan for improvement of such facilities was expressed by various members of the Board; it was the consensus of the Board that the administration should be free to approach

the problem from every possible avenue without being limited to a certain course of action.

Deaths

The death of Mr. T. Randall DuBois, Lecturer in Applied Science, was reported. He was born February 25, 1889, and died December 29, 1961. He received the Bachelor of Science in Electrical Engineering degree from the University of Pennsylvania. He served with the General Motors Corporation as a product engineer, in charge of the manufacturing development of General Motors products in Europe, as Research Engineer with the Bendix Aviation Corporation, and as Production Manager of Thompson Products in St. Louis, Missouri, prior to accepting appointment at Southern Illinois University in 1957. Because of his extensive experience, Mr. DuBois was of great help in planning first our applied science program, then our engineering program. His counsel will be greatly missed.

She received the Bachelor of Education degree from Southern Illinois University and the Master of Arts degree from the University of Chicago. She taught in the Carbondale City Schools prior to accepting appointment at Southern Illinois University in 1927. She retired in 1956.

On motion of Lindell W. Sturgis, seconded by Melvin C. Lockard, the Board adopted by unanimous vote the following statement of appreciation for the services of Mr. T. Randall DuBois, whose death was reported above:

The Board of Trustees of Southern Illinois University regrets to record upon the minutes of this meeting the untimely passing of Mr. T. Randall DuBois of the Department of Applied Science.

Mr. DuBois' long experience in the business world and his vast technical knowledge have been of inestimable value in furthering the establishment of the new School of Technology. His active participation in student and professional engineering societies has encouraged the interest of many of Southern's students in the many facets of the field of engineering.

We hereby express our appreciation for Mr. DuBois' services and regret for the great loss felt so deeply by his friends, his colleagues, and his students. Our most sincere sympathy is extended to Mrs. DuBois and other members of his family.

This brief tribute, adopted at a regular meeting held at the University in Carbondale, Illinois, on February 23, 1962, shall be permanently recorded as a part of these proceedings and a copy shall be forwarded to the School of Technology, to the University administration, and to the Secretary of the University Faculty.

INDEPENDENT AUDIT FOR 1961-1962

It is recommended that the audit firm of Peat, Marwick, Mitchell & Company be approved by the Board of Trustees to make the independent audit

of the accounts and financial operations of Southern Illinois University for the fiscal year ending June 30, 1962, and that the administration be authorized to enter into a joint agreement between Mr. Robert G. Rockwell, Auditor General; Southern Illinois University; and Peat, Marwick, Mitchell & Company for the audit.

The Auditor General concurs with this recommendation and will again share in the cost of the audit.

On motion of Melvin C. Lockard, seconded by Kenneth L. Davis, the Board approved the selection of the auditing firm recommended by the administration. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Maremont, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

AWARD OF BID FOR VENTILATING WORK, PHYSICAL EDUCATION AND
MILITARY TRAINING BUILDING

At the November 9, 1961, meeting of the Board of Trustees, awards of contracts for various phases of work on the Physical Education and Military Training Building were made. Bids for the ventilating work were, however, rejected. The apparent low bidder had committed a patent error in the preparation of his bid and upon recommendation the Board permitted him to withdraw. Since there was a difference of \$119,000 between the apparent low bidder and the second low bidder, the Board authorized re-advertising for bids.

Bids have now been taken the second time, and a recommendation has been made by the University Architect. By rebidding and not awarding to the second low bidder in the first instance, the University saved \$26,120. Award of the ventilating work on the Physical Education and Military Training Building is recommended, as follows:

Ventilating Work	<i>Proposal VB-1</i>
	Central Heating and Air Condi-
	tioning Service, Inc. \$464,880.00
	Janesville, Wisconsin

A tabulation of all bids received for ventilation work was considered, and a copy of the tabulation was placed on file with the Secretary of the Board. On motion of Kenneth L. Davis, seconded by Harold R. Fischer, the Board approved the award of contract as recommended. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Maremont, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

AUTHORIZATION TO JOIN WITH THE STATE OF ILLINOIS FOR RECOVERY
OF DAMAGES

The Attorney General of the State of Illinois has advised us that the principal manufacturers and suppliers of gymnasium and field bleachers have recently been indicted for conspiring to fix prices and allocate markets for bleachers which are sold largely to schools and state agencies. The criminal proceeding was terminated by pleas of *nolo contendere*.

Under the Federal Antitrust Laws, injuries suffered by purchasers resulting from such conspiracy may be recovered as treble damages. The Attorney General and the Superintendent of Public Instruction have conducted an extensive survey of the number of such bleachers sold in Illinois and are joining together all school districts and other public agencies which have purchased bleachers for purposes of filing a joint action.

In the period involved, the University has purchased bleachers amounting to \$790.00 on November 11, 1957; \$2,053.00 on December 1, 1960; and \$1,680.00 on January 5, 1960. This information was furnished to the Attorney General at his request and he has now requested that he be authorized to take legal action for the recovery of damages.

The following resolution is recommended for adoption:

WHEREAS, The Board of Trustees of Southern Illinois University, a body politic and corporate of the State of Illinois has, since 1955, acquired certain folding gymnasium bleachers, including grandstands and roll out gymnasium seats, for use in its schools; and

WHEREAS, It appears that in the acquisition of said bleachers the Board may have acquired them, directly or indirectly, from manufacturers acting pursuant to and in furtherance of an illegal combination and/or conspiracy in restraint of interstate commerce or otherwise in violation of the Antitrust Laws of the United States, with resulting financial injury and loss to the Board and the State of Illinois; and

WHEREAS, The Attorney General of the State of Illinois, acting in his official capacity to protect and further the legal interests of the State and its political subdivisions, has offered to act as the legal representative of this Board in connection with these matters, at no expense to the Board; now, therefore, be it

Resolved By the Board of Trustees of Southern Illinois University that William G. Clark, Attorney General of the State of Illinois, is hereby authorized by said Board to take any and all legal action and proceedings that he may deem appropriate to recover for said Board such monetary damages and other compensation to which it may be entitled under applicable law, federal or state, by reason of legal injuries received in the course of acquiring said bleachers.

On motion of Arnold H. Maremont, seconded by Melvin C. Lockard, the Board adopted unanimously the resolution, as recommended.

AUTHORIZATION FOR TRANSFER OF REAL ESTATE

The following resolution is recommended for adoption by the Board of Trustees:

Resolution

WHEREAS, In connection with the Cooperative Research Agreement between the Board of Trustees and the U.S. Department of Agriculture, the Depart-

ment of Agriculture has been utilizing University-owned greenhouses to carry on certain phases of this work; and

WHEREAS, The U.S. Department of Agriculture is requesting appropriations from Congress in order to build greenhouses near the campus for the purpose of carrying on cooperative work with the University staff and faculty, and such appropriations will not be approved by Congress until title to the land on which the greenhouses are to be built is vested in the United States of America; and

WHEREAS, The convenient location of these greenhouses is essential for efficient cooperative research between the University and the Department of Agriculture; now, therefore, be it hereby

Resolved By the Board of Trustees of Southern Illinois University in regular session assembled that a portion of University Tract 30-7 be transferred to the United States of America, said portion of Tract 30-7 being more particularly described as follows: Beginning at a point 20 feet West and 255.84 feet North of the Southwest corner of the Southeast quarter of the Northwest quarter of Section 30, Township 9 South, Range 1 West of the 3rd Principal Meridian, running thence West 281 feet, thence North 170.16 feet, thence East 281 feet, thence South 170.16 feet to the point of beginning, containing 1.1 acres more or less, and the Chairman and Secretary of the Board of Trustees are hereby authorized and directed to make and execute a good and sufficient warranty deed to the above-described tract, granting same to the United States of America.

On motion of Dr. Martin Van Brown, seconded by Kenneth L. Davis, the Board adopted the resolution as presented. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Maremont, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

AMENDMENT OF RESIDENCE POLICY

At the meeting of the Board of Trustees on January 17, 1957, a set of regulations defining the residence of students for the purpose of registration at Southern Illinois University was approved by the Board. Regulation No. 7 requires that an adult alien may only qualify as a resident of the State for purposes of registration in the University if he has taken out his first naturalization papers and has met the other residency requirements. The administration has been faced with the situation of aliens who have lived in Illinois for several years, paid state taxes, and been subject to Selective Service calls and other duties of Illinois residents, and yet are required to pay out-of-state tuition. Even if these students wish to take out their first naturalization papers, they may not do so until they have resided in the United States for five years. It is therefore proposed that this requirement be changed to require the holding of valid immigration papers rather than naturalization papers, since immigration has a direct relationship to residence and citizenship may or may not.

Accordingly, the following resolution is recommended for adoption:

*Amendment to Regulations Defining the Residence of Students
for Purposes of Registration at Southern Illinois University*

BE IT RESOLVED By the Board of Trustees of Southern Illinois University, in regular session assembled, that the present regulations defining the residence of students for purposes of registration in Southern Illinois University as approved by the Board of Trustees January 17, 1957, be and are hereby amended by substitution of the following text for the regulation numbered 7 therein:

7. An adult alien who holds valid immigration papers and is in the United States under an immigrant-type visa may qualify as a resident of the State for purposes of registration in the University if he has lived within the State for at least a period of twelve months next preceding the beginning of any term for which he registers at the University, subject to the provisions of rules 4 and 6.

After discussion and on motion of Melvin C. Lockard, seconded by Harold R. Fischer, the Board adopted the resolution amending the Board's residence policy, as presented. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, Mr. Maremont; absent, Mr. Wilkins.

The consensus of the Board and of the administration was that a complete review of Southern Illinois University's tuition structure should be presented at a subsequent meeting, together with a comparison with tuition rates at all state universities.

President Morris stated that John S. Rendleman, Director of Business Affairs, recommended the employment of Blyth & Company of Chicago, Illinois, as bonding agents for the issue of bonds totaling \$5,250,000.00, covering one-half the construction cost of housing facilities for 1,800 single students. He indicated that Blyth & Company had served previously in a similar capacity and would again serve at a fee of one-fourth of one per cent of the total offering.

On motion of Harold R. Fischer, seconded by Arnold H. Maremont, the Board approved the employment of Blyth & Company as bonding agents. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Maremont, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

Mr. Arnold H. Maremont left the meeting at this time.

REPORTS ON CURRENT AND PENDING MATTERS

Discussion was held concerning distribution of the *Annual Report* of the Board of Trustees for 1960-1961. The Recorder was instructed to mail copies of the report as had been done in the past, limiting distribution to one copy addressed to the Executive Director of the Board of

Higher Education of the State of Illinois until additional copies were requested.

Discussion was held concerning a delegate or delegates from the Board to attend the semi-annual meeting of the Association of Governing Boards of State Universities and Allied Institutions, to be held in San Francisco, California, March 19-21, 1962. On motion of Melvin C. Lockard, seconded by Kenneth L. Davis, the Board designated Lindell W. Sturgis and Dr. Martin Van Brown as delegates to this meeting.

President Morris presented Land Map "C", Little Grassy Campus area, prepared by the University Architect and dated February 15, 1962, which map is on file with the Secretary of the Board. He indicated that an exchange of property with the Department of Conservation was most desirable and had been agreed to by William T. Lodge, Director of the Department of Conservation. The exchange concerned University-owned land and a portion of Giant City Park land. President Morris requested the Board's approval of the exchange and acquisition otherwise shown, including authority to condemn where necessary in order to further the the proposed program of development.

On motion of Harold R. Fischer, seconded by Dr. Martin Van Brown, the Board approved the administration's recommendation for a transfer of properties, with authority to condemn where necessary. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

President Morris next presented Land Maps "A" and "B", Carbondale Central Campus, prepared by the University Architect and dated February 15, 1962, which maps are on file with the Secretary of the Board. He explained the acquisition plans shown on the map and certain proposed use patterns, with a request for approval by the Board.

On motion of Lindell W. Sturgis, seconded by Harold R. Fischer, the Board approved the recommendation made by the administration for acquisition of land as shown on the maps presented, with authorization for condemnation if necessary. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Sturgis, Mr. Wham, Mr. Lockard; nay, none.

President Morris then presented the following resolution authorizing acquisition of University-designated Tracts 550 and 551. He indicated that these tracts were in the Pine Hills area (Union County), and acquisition was necessary in order to develop further the Biological Research Station and to gain entry to other University-owned land:

Matters Presented by President Morris

THE FOLLOWING UNIVERSITY MATTERS were presented by the administration for consideration by the Board of Trustees:

NAMING OF UNIVERSITY BUILDINGS

At the meeting of the Board of Trustees on January 30, 1958, a policy for naming University buildings was adopted, as follows:

"In those cases in which the Board deems it wise to name any building, the following general policy is adopted to serve as a guide:

1. Buildings given to the University may be named for donors of memorial funds.
2. Instructional buildings named in terms of function.
3. Residence halls named for distinguished members of the University faculty, retired or deceased.
4. General-purpose buildings named for (1) distinguished former members of the Board of Trustees and Presidents, and (2) other administrators, retired or deceased.
5. The above provisions shall not preclude the naming of any building or appropriate part thereof for a member of the Board of Trustees, a member of the University Faculty, or any other worthy or distinguished person, retired or deceased."

In accordance with this policy, a faculty committee for the Carbondale Campus has recommended names for new buildings. These recommendations

were considered and endorsed by the over-all University Committee on Naming Buildings. Following are its recommendations:

I. Thompson Point Residence Halls: Abbott Hall for T. W. Abbott, retired; Warren Hall for F. G. Warren, retired; Smith Hall for G. W. Smith, deceased; Baldwin Hall for Miss Helen Baldwin, deceased; Kellogg Hall for Miss Thelma Kellogg, deceased.

II. Small Group Housing Units: Kaplan Hall for Leo Kaplan, deceased; Beimfohr Hall for Oliver Beimfohr, deceased; Stein Hall for Miss Hilda Stein; Wakeland Hall for Floyd V. Wakeland, deceased; Barber Hall for Miss Minette Barber, retired; Miles Hall for Edward V. Miles, Jr., retired; Scott Hall for R. A. Scott, retired; Crawford Hall for Miss Mary Crawford, deceased; Shuman Hall for Miss Helen Shuman, deceased; Colyer Hall for Frank Colyer, deceased; Thalman Hall for Wellington Thalman, retired; Fulkerson Hall for Elbert Fulkerson; Caldwell Hall for Norman Caldwell, deceased; Salter Hall for Miss Matilda Salter, retired; Kesnar Hall for Maurits Kesnar, deceased.

On motion of Arnold H. Maremont, seconded by George T. Wilkins, the Board approved the administration's recommendations for naming new buildings in the Thompson Point Residence Halls and Small Group Housing areas. The following suggestions were made concerning the naming of campus buildings: (1) that the Alumni Association be included in the selection of names for buildings; (2) that a survey of other institutions' practices in the naming of buildings be submitted to the members of the Board at a subsequent meeting; (3) that no publicity be given prior to the Board's consideration of this and similar matters.

RESOLUTION ESTABLISHING DEPOSIT FOR FOREIGN STUDENTS

It is recommended that the Board of Trustees adopt the following resolution concerning deposits for foreign students:

Resolution

BE IT RESOLVED By the Board of Trustees of Southern Illinois University, in regular session assembled, that any prospective undergraduate or graduate student coming to Southern Illinois University from a country, protectorate, territory, or geographic area other than the United States proper, may in the discretion of the administration be required to deposit with Southern Illinois University a sum of United States currency in an amount not less than \$400.00 and not more than \$1,000.00, and such deposit shall be made prior to the admission of any student from which such a deposit is required. After a periodic review of the financial problems of such students, the administration may from time to time establish a uniform deposit within the above limits which shall be applicable in each case wherein it is determined by the administration that a deposit from such a student will be required prior to his admission.

On motion of Arnold H. Maremont, seconded by Kenneth L. Davis, the Board tabled the resolution presented. The administration was requested to contact the State Department, explain the problems involved, and present further information to the members of the Board at a subsequent meeting.

RECOMMENDATIONS FOR HONORARY DEGREES

It is recommended that at the June, 1962, commencement or some commencement thereafter, the honorary Doctor of Laws degree be awarded to Eugene R. Black, President of the World Bank, and to James B. Conant, former United States Ambassador to West Germany.

Eugene Robert Black was born in Atlanta, Georgia, May 1, 1898, and was graduated from the University of Georgia in 1917. From 1919 until 1933 he was associated with Harris, Forbes & Co., New York investment bank, and served as an officer during much of that time. From 1933 to 1947 he served as an officer of the Chase National Bank, New York City, when he was named executive director of the International Bank for Reconstruction and Development. Since 1949, he has served as President and chairman of the executive directors of the International Bank. Mr. Black is a trustee of Oglethorpe University, Georgia; St. John's College, Maryland; and the Institute of International Education, New York. He has been awarded honorary degrees by the University of Chattanooga, Columbia University, Oglethorpe University, and Syracuse University. In 1960 he was awarded honorary degrees from Yale University,

Harvard University, and Princeton University. His home is in Washington, D.C.

James Bryant Conant was born at Dorchester, Massachusetts, March 26, 1893. He received the Bachelor of Arts and Doctor of Philosophy degrees from Harvard University. He has also received honorary degrees from more than thirty American universities, as well as from universities in England, Canada, Germany, Australia, New Zealand, France, and Scotland. From 1916 to 1933, Dr. Conant held various academic ranks in the Chemistry Department at Harvard University, including that of Professor and Chairman of the department. He was elected President of Harvard in 1933 and served in that capacity until his retirement in 1953. From 1953 until 1957 he served as United States High Commissioner for Germany and as Ambassador of the United States to the new Federal Republic of Germany. Following his resignation in 1957, he undertook a major survey of the merits and faults of American public high schools, with the support of the Carnegie Foundation. The publication of his survey in 1958 created widespread public interest. Dr. Conant is the author of more than twenty textbooks and reference works in the field of chemistry and has edited Volumes II and IX, *Organic Syntheses*, as well as *Harvard Case Histories in Experimental Science*. His home is in New York City.

We also recommend that the honorary Doctor of Humane Letters degree be awarded to Douglas Bush, Professor of English Literature at Harvard University.

John Nash Douglas Bush was born March 21, 1896, in Morrisburg, Ontario. He received the Bachelor of Arts and Master of Arts degrees from the University of Toronto, and the Doctor of Philosophy degree from Harvard University. He has served in various academic ranks at Harvard University, where he is currently serving as Gurney Professor of English. He has also served at the University of Minnesota, the University of Toronto, Cornell University, and Indiana University as special lecturer. His publications include a long list of articles and essays, as well as more than ten books on subjects ranging from studies of classical myth to a study of *Paradise Lost*. His interpretation of the Renaissance, particularly in its English and Italian manifestations, is one of the most influential ever advanced by an American scholar. Dr. Bush has received honorary degrees from Tufts University, Oberlin College, Swarthmore College, Harvard University, Princeton University, and the University of Toronto. His home is in Cambridge, Massachusetts.

These recommendations have been initiated by our Faculty Committee on Honorary Degrees and have the endorsement of the administration.

SPECIAL AWARD

It is recommended that the Southern Illinois University Distinguished Service Award be presented to Ross Randolph at the June, 1962, commencement or some commencement thereafter.

Ross Randolph began his career as a public school teacher in Illinois. He left teaching to become a special agent for the Federal Bureau of Investigation and later served as administrative assistant to Governor Adlai Stevenson. Because of his background in education and law enforcement, he was appointed warden of the Pontiac Reformatory and, subsequently, as warden of the

Menard Penitentiary. During his ten years of service at Menard he has served with distinction and has gained national recognition as a progressive and outstanding correctional administrator. He is a member of the Board of Directors of the American Correctional Association.

This recommendation has been initiated by our Faculty Committee on Honorary degrees and has the endorsement of the administration.

On motion of George T. Wilkins, seconded by Arnold H. Maremont, the Board approved the award of honorary doctoral degrees and special award, as recommended.

RECONVEYANCE OF EASEMENT

In 1956 the University was engaged in an attempt to enlarge its sewer capacity by running a line from the northeast corner of the campus to the disposal plant on North Wall Street. Pursuant thereto, easements were procured over two routes, one route being acquired before the second and more preferable one became available. The sewer line was built along the second route, and now one of the grantors along the first route desires that we relinquish the easement across his land. Since this easement is no longer necessary for University purposes, it is recommended that this be done upon repayment of the consideration originally paid to the grantor. To accomplish this, the following resolution is recommended for adoption by the Board:

Resolution

BE IT RESOLVED By the Board of Trustees of Southern Illinois University, in regular session assembled, that upon repayment of the consideration originally paid by the Board to J. Frank Whittenberg for a certain easement or right-of-way hereinafter described, which consideration was in the amount of Five Hundred Dollars (\$500.00), all the Board's rights in and to the described property shall be reconveyed to the fee owner, and the Chairman and Secretary are hereby authorized to make and deliver a good and sufficient Quitclaim Deed to the following described property in consideration for said repayment:

An easement or right-of-way located in the County of Jackson, State of Illinois, and more particularly described as follows: All of Out Lot 144 except the following three tracts, said exceptions as follows: Except No. 1, commencing N.E. corner, Out Lot 144 (being the N.E. corner of SW $\frac{1}{4}$ of SW $\frac{1}{4}$ of Section 22), thence running South along the East line of Out Lot 144 to the NE corner of Out Lot 143 of E. Newsome's survey for assessment purposes. Thence running West along North line of Out Lot 143 to NW corner of said Out Lot 143, then South along West line of Out Lot 143 to SW corner of said Out Lot 143, thence West along South line of Out Lot 144 a distance of 396 feet, to SW corner of tract now owned by City of Carbondale, thence North parallel to West line of Out Lot 144, a distance of 6.58 chains to a point on North line of Out Lot 143, if extended West, thence in a Northeasterly direction to a point on the North line of said Out Lot 144, said point being 942.0 feet West of NE corner of said Out Lot 144, thence East along North line of Out Lot 144 a distance of 942.0 feet to point of beginning.

Exception No. 3, beginning at SW corner of Out Lot 144, thence running North along West line of Out Lot 144, a distance of 500.0 feet, thence parallel

to South line of Out Lot 144 a distance of 350 feet, thence South parallel to West line of Out Lot 144, a distance of 500 feet to South line of said Out Lot 144, thence West along South line of Out Lot 144 a distance of 350 feet.

On motion of Arnold H. Maremont, seconded by Harold R. Fischer, the Board adopted the resolution set forth above. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Maremont, Mr. Sturgis, Mr. Wham, Mr. Wilkins, Mr. Lockard.

DEDICATION OF RIGHT-OF-WAY FOR PUBLIC ROAD PURPOSES

The local Township Road District, Jackson County, the City of Carbondale, and the State Highway Department are all cooperating with the University in planning the widening of Wall Street, which is the street on the eastern side of the Family Housing Development and the University Trailer Court. The purpose is to divert eastbound traffic which comes into town from the south from the center of campus by channeling all such traffic onto Wall Street, and thence to Route 13 at East Main Street. Negotiations have already been undertaken by the Township Road District with property owners on the east side of Wall Street between Park Street and Pleasant Hill Road, and most of these owners have already dedicated the necessary land on the front of their property for this road widening. The Township is also asking the University to dedicate a strip along the west side of Wall Street for the purpose of this improvement. This strip contains about four acres and includes all land within forty feet of the center line of the existing road. Wall Street has already been widened for most of its length from Park Street north to the Highway, and plans are being made for building the bridge across Piles Fork Creek to connect the portion south of Park Street with the already widened portion. It is considered to be in the best interest of the University for this project to be completed, and the following resolution is therefore recommended for adoption:

Resolution

BE IT RESOLVED By the Board of Trustees of Southern Illinois University, in regular session assembled, that the following tract of land be dedicated to the Carbondale Road District in the County of Jackson, State of Illinois, for the purpose of a public highway:

All that part of Section 28, Township 9 South, Range 1 West of the 3rd P.M., lying east of a line situated forty feet westerly from and parallel to the located center line of Senate Bill 275, Section 3, Jackson County. The location of said located center line of Senate Bill 275, Section 3, Jackson County, is filed in the Jackson County Recorder's Office in plat record 3 of State Highway

plats on page 8. Containing 4.0 acres, more or less, in the County of Jackson and State of Illinois.

The Board further grants the authority to said Road District to perform planting, cultivation, and any other lawful acts of highway landscaping considered proper by the Road District.

AND BE IT FURTHER RESOLVED That the Chairman of the Board of Trustees and the President of the University be and are hereby authorized and directed to execute all documents and take all further action necessary to effectuate the dedication of the above described tract of land.

On motion of Arnold H. Maremont, seconded by Harold R. Fischer, the Board adopted the resolution presented. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Fischer, Mr. Maremont, Mr. Sturgis, Mr. Wham, Mr. Wilkins, Mr. Lockard.

INSURANCE COVERAGE

In October, 1961, the University's Purchasing Office reported certain premium provisions regarding the University's physical property damage insurance, Carbondale Campus. At that time we had the following amounts of coverage in force:

Building and Contents	\$14,475,400.00
Tuition Fees and Rent Insurance	1,574,160.00
Builders Risk	6,670,377.00
Total coverage	\$22,719,937.00

The total combined premium projected on a five year cost was \$95,773.95, broken down as follows:

Building and Contents, Tuition	
Fees and Rent Insurance	\$ 62,223.71
Builders Risk	32,550.24

It was estimated at that time we would be able to effect a savings of approximately \$25,000.00 premium if we went to the Multiple Location form of coverage. Because of certain additions and revisions of coverage between October, 1961, and January 1, 1962, the new total amounts of coverage are:

Building and Contents	\$14,465,900.00
Tuition Fees and Rent Insurance	1,574,160.00
Builders Risk	11,684,313.00
Total coverage	\$27,724,373.00

Total five year premium projection for this amount of coverage, based on our present rate of pay would be \$124,658.95.

The program of multiple location form of coverage was called to the attention of the Board, and permission was requested to proceed with this type of program. Permission was given and bids sought. As a result of our bid solicitation on Requisition N-5752, the apparent low bidder, H. R. Bresee Agency, bidding on behalf of The American Casualty Company of Reading, Pennsylvania, quoted a total premium of \$66,606.45 for all coverages.

Present Premium (five year projection) \$	124,658.95
New Premium (Multiple Location)	66,606.45

Total savings to Southern Illinois University (Based on five year costs) \$	58,052.50

This information report, on which no action was required, was accepted by the Board of Trustees for the records. A tabulation of the bids received was placed on file with the Secretary of the Board.

COOPERATION WITH PARK DISTRICT

The Carbondale Park Board has undertaken a large program for development of park and recreational facilities. In the very near future they are proposing to submit to referendum a proposal for bond issues to provide the following facilities: neighborhood parks, lighted ball fields, community building, swimming pool, tennis court, golf course, and improvement of present recreational facilities.

This plan has been formulated through cooperative planning with the Carbondale City Plan Commission, the cooperation of the Carbondale schools, donations of private land, and discussions with a committee appointed by President Morris from the University. This committee has worked closely with the Park Board in view of the University's interest in recreational facilities in and about the Carbondale Reservoir area, since these facilities will be available for the student body.

The Park District has requested that a statement of cooperation be endorsed by the Board of Trustees, with a view toward further negotiations to make physical improvements and possibly the development of facilities on land of the University. Any specific proposals will necessarily depend upon the outcome of the election on the bond issue, and further discussions between the Park Board and the University's representatives. At this time, however, an expression of cooperation is requested.

On motion of Dr. Martin Van Brown, seconded by Lindell W. Sturgis, the Board unanimously endorsed a statement of approval of the proposed program of the Carbondale Park Board, with the understanding that the Board would not be bound by such endorsement, but would merely assure the Park District of the Board's approval.

Mr. Harold R. Fischer was excused from the meeting at this time.

REPORTS ON CURRENT AND PENDING MATTERS

An information report and attached chart concerning the retention of undergraduate students, prepared by the Registrar's Office, was submitted to the members of the Board. A copy was placed on file with the Secretary of the Board. This study indicated that approximately one-half of entering freshman students will continue their education through the senior year.

Some discussion was held concerning the need for a large building in the Madison-St. Clair Counties area to accommodate fairs, expositions, conventions, and large group meetings. It was the consensus of the members of the Board that an effort should be made to cooperate closely with Mr. Ralph Smith, Chairman of the Southwestern Illinois Area Study Commission, in an attempt to obtain such a building for the Southwestern Illinois area.

Director of Business Affairs John S. Rendleman, at the request of Acting President Tenney, reported to the Board concerning the possible acquisition of the Beulah Home in East St. Louis, Illinois. He indicated that, as authorized by the Board, negotiations for the purchase of the building had been re-opened with the Illinois Health Foundation, Inc., Chicago, Illinois. The result of such negotiations was an offer to sell the building and equipment to the University at a total of \$210,000.00. On motion of Kenneth L. Davis, seconded by George T. Wilkins, the Board requested a detailed study of acquisition costs, renovation and rehabilitation costs, and a specific statement of need in terms of use; further, that a special meeting be held if deemed necessary to determine whether or not acquisition of the building was advisable.

Mr. Rendleman also reported to the members of the Board concerning negotiations for the acquisition of the Baptist Foundation's two properties

on the central campus of the University. He reported that the two properties could be acquired for approximately \$396,000.00, with a conveyance of other University-owned property to allow for the construction of a new Baptist Foundation building. On motion of Melvin C. Lockard, seconded by Arnold H. Maremont, the Board approved acquisition of the two properties in question. The vote was as follows: Yea, Mr. Davis, Mr. Maremont, Mr. Sturgis, Mr. Wham, Mr. Wilkins, Mr. Lockard; present, Dr. Martin Van Brown; nay, none.

The meeting was adjourned at 3 P.M.

Matters Presented by President Morris

THE FOLLOWING UNIVERSITY MATTERS were presented by the administration for consideration by the Board of Trustees:

SALARIES OF FELLOWS, GRADUATE ASSISTANTS, AND ASSISTANT INSTRUCTORS

At the May 27, 1955, meeting of the Board of Trustees, certain salary ceilings for a number of our payroll classifications were approved, as follows:

<i>Title</i>	<i>Monthly Salary</i>
Fellow	\$120.00 (half-time)
Graduate Assistant	\$180.00 (half-time)
Graduate Assistant	\$120.00 (third-time)
Graduate Assistant	\$ 90.00 (fourth-time)
Assistant Instructor	\$420.00 (full-time)

At the June 29, 1956, meeting of the Board, the upper limit for half-time fellows was increased to \$150.00 per month and for half-time graduate assistants to \$240.00 a month.

The existing limitations on salaries in these classifications are no longer realistic, with the result that we are unable to compete effectively with other institutions for assistants in these various categories. It is therefore recommended that the ceilings be eliminated and that salaries in these classifications be negotiated on an individual basis, subject to the qualifications of each assistant and to maintaining a proper relationship between salaries in these classifications and other classifications.

It should be pointed out that these are the only faculty-administrative classifications at the University to which formal limits have been applied, and that in these days of rapidly changing salary levels any formal limits are likely to be outmoded within a comparatively short time.

On motion of Lindell W. Sturgis, seconded by George T. Wilkins, the Board approved the elimination of salary ceilings in the categories named. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Sturgis, Mr. Wham, Mr. Wilkins, Mr. Lockard; nay, none.

EXEMPTIONS FROM PROFICIENCY EXAMINATION FEES

In the formulation of the General Studies Program it has seemed advisable that each of the course offerings under that program be made the subject of a proficiency examination whereby students may be exempted from taking courses in which they have already qualified by previous study or experience. In order to encourage better students to dispose of their requirements in this manner and to move on to more advanced courses, we recommend that any student who ranks in the upper tenth percentile of the United States on the examination given under the American College Testing Program, or similar scholastic aptitude test approved by the administration and given upon admission to the University, may henceforth be exempted from the \$5.00 fee for proficiency examination which was established by the Board on April 21, 1961, for all proficiency examinations in required courses under the General Studies Program.

On motion of George T. Wilkins, seconded by Kenneth L. Davis, the Board approved the administration's recommendation. The vote was as follows: Yea, Dr. Brown, Mr. Davis, Mr. Sturgis, Mr. Wham, Mr. Wilkins, Mr. Lockard; nay, none.

INTRODUCTION

ESTIMATED ENROLLMENTS

The estimates of income for 1962-63 are in part based upon estimates of enrollment. The following summary statement shows estimated enrollments for Southern Illinois University. The figures are cumulative for the four quarters of the fiscal year:

	1961-62		1962-63	
	NO. OF STUDENTS	FULL-TIME EQUIVALENCY	NO. OF STUDENTS	FULL-TIME EQUIVALENCY
Carbondale Graduate and Undergraduate....	33,297	30,051	37,305	33,575
Edwardsville Graduate and Undergraduate...	13,618	8,571	15,938	10,041
Extension Graduate and Undergraduate.....	1,212	606	1,256	628
University School.....	1,634	2,220	1,659	2,259
Technical and Adult Education Full-Time....	2,089	2,089	2,261	2,261
Technical and Adult Education Part-Time....	8,675	2,891	10,264	3,421
Totals.....	60,525	46,428	68,683	52,185

There are several types of on-campus degree students, not all of them producing cash income. Each non-veteran produces \$42.00 per twelve-weeks term. Students on state scholarships and faculty members taking university courses produce no cash income for educational operations.

PERSONAL SERVICES—FACULTY, ADMINISTRATIVE, AND NONACADEMIC

1. It has been possible to recommend only modest increases in salary for members of the faculty and administrative staffs. These increases have been made on a merit basis through careful evaluation of individuals. Since the state appropriation for personal services for the biennium is fixed, salary increases for the second year of the biennium are at a somewhat lower level than those for the first year of the biennium.

It should be recognized that the market for qualified teaching and research personnel has continued to become more competitive as the demand has increased much more than the supply. A factor which has been quite important during the past few years is the increasing demand by industries and governmental agencies for personnel having the kind of training and experience which university faculty-administrative members possess. The result is that universities must now compete not only among themselves, but with these other agencies, for staff members. At the same time, rapidly increasing college and university enrollments are requiring large increases in the teaching staffs of collegiate institutions.

It should be noted that the program of salary increases recommended by the university and approved by the state administration for the current biennium could not be carried out because of a severe slash in personal services appropriations during the closing minutes of the last legislative session. The salary increases recommended in this budget will therefore not enhance the ability of Southern Illinois University to obtain and hold good faculty members. It should be pointed out that other institutions, in general, have been increasing their salary levels faster than Southern.

2. It has been possible in this budget to provide only minor increases for low-salaried office workers and other civil service employees who have fallen behind civil service workers who receive prevailing rates or whose salaries are determined by negotiation. The new salaries are consonant with the ranges established by the University Civil Service System.

3. The relatively small amount of additional personal services money available for 1962-63 will be absorbed by continued large enrollment increases. Some temporary positions have been made continuing for 1962-63, and some personnel hired on an emergency basis have been replaced on a permanent basis. However, numerous temporary positions and personnel will again be required. New programs have been held to a minimum, and it has been necessary to defer further upgrading of almost all existing programs until additional funds are available.

4. Salary rates for persons on leave without pay are shown in parentheses since they do not affect actual expenditures.

5. The contract for every twelve-month faculty-administrative staff member having academic rank on a continuing or permanent basis will indicate that the twelve-month appointment will be dependent on his assignment.

PERSONAL SERVICES — STUDENT

1. A total of \$1,273,334 has been provided for student help from state appropriations as compared to about \$1,222,440 during the 1961-62 fiscal year. It is planned in the future to use more, rather than less, student help in the various offices, in laboratories, and in the physical plant. Excellent students with financial need, providing they have the necessary skills or abilities as shown from testing programs, are given the first opportunity in finding campus jobs.

2. The pay scale for student employees on the Carbondale Campuses and Edwardsville Campus remains the same, ranging from \$0.80 to \$1.25 per hour. Beginning with the fiscal year of 1960-61, new student employees were given an automatic increase of five cents per hour after one term of successful work.

3. Pre-service training programs have been developed for office workers, food service workers, photographic workers, and workers in parts of the library. In-service training programs are provided for many of the workers in the physical plant.

4. Great care is being exercised in coordinating the class and work programs of students. Whenever possible, a student is placed in work related to his major or minor study areas.

TRAVEL

1. In order to provide equitable distribution and more effective control of travel funds, the allotments for travel are made in four categories as follows:

- a. Institutional travel, which involves travel on University business not identified with a specific department or office.
- b. Convention travel, which involves travel to professional meetings and which is intended to keep staff members abreast of the most recent developments in their fields. This has been allocated on a prorata basis to the major functions of the University, and will be distributed from the offices of the vice presidents and of the major educational units.
- c. Departmental travel, which involves travel that departments and offices must do in order to perform their regular functions.
- d. Air travel, which involves travel where additional convenience and speed serve the best interests of the University.

2. Travel allotments to the various accounts will be used in part for travel in University-owned passenger automobiles and airplanes. Since the operating cost of these automobiles and airplanes is chargeable against state appropriations other than travel, and such costs are passed on to departments and offices using such service, the allotments for travel exceed the state appropriations for travel.

EQUIPMENT

1. With the purchase of an increasing number of books, the proportionate amount of equipment money necessary to purchase small equipment, under \$100 per item, has increased. Including the amount assigned to the Library for the purchase of books, about fifty per cent of the equipment money has been distributed to the departments and offices for the purchase of small equipment.

2. Approximately fifty per cent of the equipment money will be placed in general accounts to be allotted periodically as studies of needs determine. These studies should show whether or not there are any items of equipment needed for University use that have not been purchased by the departments and whether or not certain departments have special needs which have not been met by the appropriations hitherto made to them.

OTHER CURRENT EXPENSES

1. Since travel and equipment have been allotted separately in this budget, Other Current Expenses include contractual services, commodities, stationery-printing-office supplies, employer contributions to the University Retirement System, refunds, and awards and grants for scholarships.

2. The film rental service of the Audio-Visual Education Department will charge other departments for the use of instructional films. On the basis of experience, allocations have therefore been made to the departments to be used for this specific purpose.

3. The problem of providing for the on-campus expenses of interviewees, consultants, and other official visitors to the campus has been met by allotting limited funds for this purpose to the offices that handle convention travel.

GENERAL COMMENTS

1. In line with the reorganization of the University's administrative pattern, a different grouping of accounts has been used in the 1962-63 internal budget. The Central University accounts held at each campus are followed respectively by accounts for which the Vice-President for Operations of the Carbondale Campuses has responsibility, and accounts for which the Vice-President for the Edwardsville Campus has responsibility.

2. In general, the various programs have been allocated operational funds which are essentially the same as those allocated for the 1961-62 fiscal year. The allocations do not provide adequately for growth caused by the increasing number of students or for expenditures reflecting the increasing functions of divisions and departments.

3. Graduate assistantships have been budgeted to the schools and colleges on the Carbondale Campuses at virtually the same level as for 1961-62. The sum of \$100,000 has been set aside in the General Instruction budget of the Dean of Academic Affairs for the employment of graduate assistants who have completed their master's degrees and are working toward their advanced degree in a department which has been authorized to grant doctoral degrees.

4. Funds, to be distributed according to enrollment and other pressures, have been set aside in Central University, Carbondale, and Edwardsville budgets.

5. The University's internal operating budget includes recommended budget allocations for restricted funds, that is, funds not appropriated to the University from General Revenue or the University Income Fund. Income for restricted funds is provided from instructional, research, and student aid grants made by outside agencies, from University student activity fees, and from other sources. Also included for information are the estimated operations of the University's service department funds. The titles of all such accounts, as well as those of auxiliary enterprises, are enclosed in parentheses.

6. The budget has been produced through the mechanical facilities of the Data Processing Center. In order to adapt the budget to mechanization, it has been streamlined in certain respects, but explanatory notes and an index have been added to make it as easy to use as possible.

7. For purposes of classifying and controlling positions, each member of the staff has been assigned a position number, which appears in front of his name.

Certain of the symbols used in these position numbers carry special meanings as follows:

N_____ Number assigned to non-academic employee by University Civil Service

R_____ Faculty-administrative staff member paid from restricted account

_____C Staff member on continuing appointment

_____P Professor, associate professor, assistant professor, or instructor with permanent tenure

_____T Staff member on temporary or term appointment

_____E Emeritus or emerita staff member

_____D Staff member on disability leave
